Summary of Site and Services

Carewest Signal Pointe opened its doors to the Calgary community in 2000 and has since grown to offer programs and services for 54 long-term care residents. Carewest Signal Pointe offers the following:

Secured Dementia Care

For cognitively complex residents, whose care needs cannot be met in a supportive living environment and who require professional nursing care in a secure environment.

54 beds

Dementia Day Program

Available to older adults who live in the community and have Alzheimer's disease or other dementias affecting their ability to socialize and interact in community activities

Building Amenities

Amenities at Signal Pointe include a gift shop, manicured gardens with winding pathways, five adjoining bungalows in a secure environment designed to encourage independence and social interaction, library and smoking room.

Momentum

The Momentum Real-Time Location System, allows for increased safety and a more efficient response to incidents. Residents can request assistance from anywhere in the building and staff can find residents, and each other, quickly.

Meal Service

Carewest Food Services strives to create and serve healthy, nutritious meals with friendly service in a relaxed environment. Most special dietary requirements can be met and we welcome feedback from residents and families.

Therapy Services

Activities can be organized on a regular basis to enhance well-being and respond to physical, emotional, intellectual, spiritual, cultural and sensory needs.

Carewest Signal Pointe was designed in partnership with Dr. Uriel Cohen, former Director, Institute on Aging and Environment School of Architecture, University of Wisconsin, under the seven principles of housing design for people with dementia.
