Carewest Sarcee opened its doors to the Calgary community in 1962 and offers long-term care programs and services for 85 residents, rehabilitation and recovery services for 35 clients and day programming for 90 clients.

Medically Complex Care

For medically complex residents whose care needs cannot be met in a Supportive Living environment and who require professional nursing care. Their primary diagnosis is medical and may have a secondary diagnosis of cognitive impairment.
50 beds

RCTP Unit (Rehabilitation and Community Transition Program)

To support frail individuals who do not require acute care but have a variety of medical conditions that require further assessment and/or rehabilitation in order to return home or another care setting.
40 beds

Alternate Level of Care

Short-stay beds for clients who may no longer require the resources of acute or sub-acute care but who do require care and support while they await an appropriate living option.
45 beds

Comprehensive Community Care

A support program that provides support for seniors by offering primary care to elderly clients living in the community – allowing them to remain at home with a higher quality of life. Care is provided by an interdisciplinary team and consist of a medical clinic, day program, access to home support, transportation support, and access to a short-term inpatient treatment bed.

Building Amenities

Amenities at Sarcee include a gift shop, chapel, large dining area designed to encourage social interaction, lounge area, designating smoking room, laundry and hair care services.

Meal Service

Carewest Food Services strives to create and serve healthy, nutritious meals with friendly service in a relaxed environment. Most special dietary requirements can be met and we welcome feedback from residents and families.
